KEEPSAKE KEYCHAINS

Our keychains are versatile in design and options. We can offer lots of different shapes and designs, with writing and names within some pieces and multiple inclusions, if required.

"A BEAUTIFUL PIECE MADE
WITH CARE AND
COMPASSION"

VERSATILITY

The options are quite limitless with our keychains. We can offer almost any shape you require, and offer multiple inclusions within each piece (depending on size). Some can also incorporate real dried flowers.

Adding text

As shown, with our larger keychain pieces we are able to add text within the resin. This can include names, dates or poems of a few short words. This is cut using a machine, and then added between resin layers, before then being secured inside with a final layer.
